This is an opportunity for aspiring youth and young adults to *learn, experience* and to put to *practice* the skills they have learned.

From beginning to end you will play a vital role helping prepare each day. Each morning begins with the routine feeding, watering and retrieving horses. This gives time to observe the well being of the horses and learn their personalities and comfort level. During camp, will help campers brush, groom, saddle, and bridle the horses. The days are filled with activities and responsibilities. We may get a little exhausted at days end, but a smile may come out as we look back to our successes and accomplishments.
