This camp is designed for young horse enthusiasts to experience The Horse Show and the Show Ring without having to travel far to a show. Every morning students will sign in, get their show bill, gather up their horses, bath or groom their horses to get ready for the show.

In show classes, the riders will learn showmanship, halter, walk, trot, English pleasure, English Equitation Western Pleasure, Western Equitation, various Gaited horse classes, and so many more. We will also have speed classes.

Each day will be a horse show that the riders will be judged with ribbons as awards. This is all in fun. The only real pressure is to get your horse to class on time before the gate closes.

Emphasis will be on entering a show arena, the line up, and passing correctly.

Correct positioning of hands and feet, and understanding gaits. Riders will learn to control their horse in the arena with other riders.

Judges will help each student with any areas they need help in.

This camp is for intermediate riders and advanced riders.

And with good horsemanship we all work and learn together and help keep everyone's safety forefront!
