

## Intermediate Summer Horse Camp

### **"Canter Camp!"**

“Learning to Trot & Canter”

Riding \* Handling \*Grooming \* Walking \* Saddling \* Safety  
& Yes! Trotting & Cantering!

In addition to practicing the handling, grooming, saddling and walking the horse, your child will be given instruction on how to command their horse to enter into a trot and canter. Giving your child a rewarding achievement of accomplishment.

As always, there remains much preparation and knowledge to gain before each ride on a horse. And we still have our responsibilities of everyday tasks, routine and new to make sure the horses needs are met; as inspecting, feeding, watering, important do's & don'ts.

As we learn their personalities by spending time with them, they will learn with us. This is where the horse and rider bond is established. Each day is a new day, and everyday we look forward to the *ride* either arena riding, trail riding, or *both!*

*And with good horsemanship we all work and learn together and help keep everyone's safety in the forefront!*

Monday thru Thursday

**Gift Certificates Available**

This class is designed for those who have either attended our Young Riders Program, Miss Barb's Horse Camps or any another horse camp, or have taken lessons.
